e-qual
electronic portfolio

E-qual Electronic Portfolio is an online e-portfolio and asessment tool created by an organisation with a real understanding of the assessment process, developed through knowledge of education and training sectors and backed up by real industry experience

" The system enables lots of contact time between candidate and assessor. Being able to see their portfolio progressing serves as it's own form of motivation. "
Jim Stewart, Angus College

E-qual Electronic Portfolio will:

- Reduce travel costs
- Eliminate postage costs
- Reduce administration costs
- Increase competitiveness & turnover

Reduce candidate completion time

Adopting E-qual can lead to quicker candidate completion times, up to 30% in some cases.

E-qual Electronic Portfolio helps you:

- Increase productivity
- Reduce administration
- Increase assessment quality
- Identify issues more efficiently
- Improve internal quality assurance

> " Assessors appreciate the ability to carry out assessment from a desktop instead of the extensive travelling which face-to-face assessment requires "
Colin Wales, ECITB

E-qual Electronic Portfolio is the e-portfolio of choice for awarding bodies, training providers and colleges. It has also been adopted by companies in the oil and gas, manufacturing and construction industries. This diversity within our client base demonstrates E-qual's ability to successfully deliver training and assessment to a wide and varied range of customers.
Increase candidate catchment area

E-qual's online functionality will enable you to greatly increase your candidate catchment area.

Paper based   **E-qual**

Reduce assessor visits

By assessing online with E-qual, the need for candidate visits will decrease significantly
